

Kavikkannan K

Software Development Engineer

Salem, Tamilnadu, India | +91-9150452590 | kavikkannan.k@gmail.com | @linkedin | @github

TECHNICAL SKILLS

- **Languages:** Flutter, Java, Go, Python, C/C++, SQL (MySQL), JavaScript, HTML, CSS
- **Frameworks:** Node.js, Flask, Django, Tailwind CSS, React, Next.js, GoLang
- **DevOps and API Tools:** Git, Postman, Vercel, Firebase, Docker, Betaflight Configurator, Kubernetes (basic)
- **Cloud and Security Tools:** Linux (Configuring and Managing)
- **Specialization:** Machine Learning, Deep Learning
- **ML-related Libraries:** TensorFlow, scikit-learn, Keras, Pandas, NumPy, OpenCV

EXPERIENCE

- Software Development Intern** | *Renormalix Technologies* | *Lexamplify* 2025
- **Built** AI workflows for legal document analysis on the Lexamplify platform.
 - **Implemented** summarization, argument generation, and citation extraction pipelines.
 - **Integrated** OpenAI APIs with backend processing for intelligent document handling.
- App Lead Intern** | *Tiffin* January 2024 – Present
- **Leading** the development of mobile applications, overseeing the full development lifecycle from concept to deployment.
 - **Managing** a team of developers to ensure timely delivery of features and optimized performance for enhanced user experience.
 - **Collaborating** with stakeholders to define app goals and integrate new technologies for improved functionality.
- Full-Stack Developer** | *SOURCECORP* December 2023 – January 2024
- **Developed** a fully functional CRM system for a finance company in Chennai.
 - **Built** key modules for onboarding, document verification, ticket handling, loan tracking, and an admin dashboard.
 - **Delivered** end-to-end development including frontend, backend, and database with role-based authentication.
 - **Containerized** the application using Docker for streamlined deployment and environment consistency.
- Research Experience** | *VIT Vellore* Ongoing
- **Conducted** a research study on stock market prediction using LSTM and ARIMA, with future scope including sentiment analysis for enhanced accuracy.
 - **Working** on a brain-computer interface project using EEG signals from an OpenBCI kit.
 - **Investigating** stress detection using video analysis via transfer learning.
 - **Contributing** to hardware aspects of a research paper on agricultural technology at VIT Vellore.

EDUCATION

Vellore Institute of Technology, Vellore M.Tech (Integrated), Computer Science (Data Science specialization) | GPA: 8.88/10 (3.51/4) | March 2027

PROJECTS

- Tiffin App** | *Flutter* September 2024 – Present
- **Developing** a frontend for a mobile application connecting users with local tiffin services, featuring meal tracking, subscriptions, and easy ordering.
- Drone for Agriculture Field Monitoring** | *3D Hardware, Machine Learning* February 2025 – Present
- **Contributing** to a smart drone system for automated crop monitoring using image processing and sensors.
 - **Responsible** for drone frame assembly using 3D printing and integration of ESC, flight controller, motors, and TX/RX modules.
- Brain Signal Dataset Collection & Research** | *OpenBCI, EEG Processing* January 2025 – Present
- **Collecting** and labeling EEG data for research focused on predicting letters shown to individuals using brain signals.
- Finance CRM System** | *Full-Stack Web App* March 2025
- **Built and deployed** a CRM system for a Chennai-based finance firm enabling efficient customer, document, and ticket management with secure role-based access.

PUBLICATIONS AND PATENTS

Enterprise-Ready Post-Quantum Zero Trust Storage: The QSS4 Architecture <i>SN Computer Science, Springer Nature</i>	2025
– Published in <i>SN Computer Science</i> (Springer). Available at: <i>doi:10.1007/s42979-025-04705-8</i>	
Canonical Semantic Interoperability Framework for Fraud-Resilient Public Welfare Distribution – Patent Application Submitted – A novel framework addressing semantic interoperability and fraud resilience in public welfare distribution systems.	2026

COURSES AND CERTIFICATIONS

Flutter & Dart – The Complete Guide <i>Udemy</i>
React – The Complete Guide 2024 (incl. Next.js, Redux) <i>Udemy</i>
